

# Meet Charlie Crow

## Service Manager

### San Antonio Branch

How long have you been in the Diesel Industry?

Most all of my life, from growing up on a farm to having a grandfather who taught automotive repair and a father who taught general motor repair too.

When did you join the M&D team?

I started with M&D in San Antonio in 1993 - almost 24 years now.

What is your current role with the company?

Service Manager for Warehouse 50 - San Antonio Branch

What are the most important skills to have for your position?

Patience, hands-on knowledge of multiple types of fuel injection pumps and injectors - and finally a great team of technicians around me.

What would you do if you won the lottery?

I would still have to work, but I would do a lot more fishing in my new bass boat!

Tell us one thing about you that would surprise people.

I was in my 3rd year studying criminal justice with the intention of becoming a Texas game warden before coming to M&D. Just goes to show you never know where life's road will take you.

CHARLIE CROW
