

WATER  **PUMP**

IDENTIFICATION GUIDE

**BEPCO PRODUCT
IDENTIFICATION**

&

LOCATION OF CASTING NUMBERS

GENERAL INFORMATION

For each type of Water Pump, two product photos are shown.

The first, directs you to the location of Bepco's Identification stamp.

The second, directs you to the location of the casting number.

Note: Water Pump Casting number locations should not be confused with piece casting numbers (i.e., casting number of a pulley.) The actual locations are documented with photographs to eliminate possible identification errors.

Several part numbers having like identification locations will be grouped together.

We assume no responsibility should any information be deemed as incorrect, and reserve the right to make changes at any time without notice.

DISCLAIMER

Manufacturer's names, symbols, numbers and descriptions are used for reference purposes only. It is not implied that any parts listed is the product of these manufacturers.

NOTE: Any reference herein to Caterpillar®, Cummins®, Detroit®, Ford®, General Motors®, International®, Mack®, Midliner® and Thermo-King® are purely for identification purposes only.

All of the above companies are registered trademarks or trade names of their respective companies. We do not intend to represent any parts shown as products manufactured by the above companies.
